

Shop Hand – CanCrete Alberta

About CanCrete:

Since CanCrete Equipment Ltd. first entered the Canadian industrial pumping market, it has been our goal to become a leading supplier of pumping equipment, parts, and associated repair. That is why we only provide our clients with well-researched products and parts that we can confidently stand behind.

Originally known as Kato Construction Equipment and formerly known as ShotCrete Plus, CanCrete Equipment Ltd. was founded in 2013 by Eric and Marcia Duiker. Thanks to their experience in and passion for the concrete industry, CanCrete's small service shop soon became the exclusive Putzmeister dealer for Canada. Today, CanCrete functions mainly as a concrete pumping support centre by providing clients in the concrete industry with solutions, parts, services, and advice tailored to their specific needs.

With years of experience working closely with concrete pumping equipment, we understand the challenges that the concrete industry offers. That is why we strive to create mutually beneficial relationships with each of our clients by providing them with high-quality products and services, backed by our extensive industry experience and over-the-phone support. No matter what kind of project you are working on or what products you are looking for, our professional team will always go the extra mile to ensure that you have exactly what you need.

Role:

In this role, you'll support our technicians across a range of responsibilities while gaining hands-on experience with foundational skills.

Responsibilities:

- Assist with services, repairs, etc. on concrete pumps, small line, grouting and fireproofing equipment
- Clean and maintain equipment as directed
- Clean and maintain the shop
- Provide general assistance around the shop (administrative and technical)
- Deliver and pick up parts
- Operate forklift to move parts/material
- Adheres to company policies and procedures
- Other duties as required
